Selectmen's Meeting

DISCUSS FLOODING

Mr. and Mrs. William Bancroft of 10 Gosnold Street conferred with Selectmen on their proposal to have Gosnold Street accepted as a town road which will be the subject of an article at the Annual Town Meeting. Mr. Bancroft has been in contact with the executor of the estate of the developer who has indicated willingness to allow the private road to be acquired by the town. Flooding problems on both Gosnold and Naushon Streets created a hazard for residents and the problem has increased due to I-195 construction. Mrs. John Denham wrote Selectmen about the flooding and asked that something be done but both

roads are now private ways. A further meeting will be arranged including the Planning Board and Manuel Nunes, Highway Surveyor, to go over the problem and see what route a drainage pipe can take to relieve the flooding if the town accepts the road.

ter contract signing. The report finds that a railroad abutment might have historic significance as an example of railroad construction. A meeting was arranged between town public safety people, Tighe & Bond engineers and residents of Water Street. Plans were outlined which include day-to-day supervision of the work by engineers working through the Selectmen's office to coordinate information and plans to keep the town open to safety vehicles. Executive Secretary Stephen Lombard will issue the daily permission to proceed.

Council on Aging

MATTAPOISETT

Last week's Presto Press had our ad which showed the Minibus schedule of trips in January. We hope that all Seniors saw it and clipped it out for reference. Please remember to call the Town Hall and ask for the Council on Aging to make reservations on Monday or Thursday between 10:00 A.M. and 12:00 Noon.

In order to give more time for planning, we are announcing two special trips in early February. On Wednesday, February 1st, we have reserved 14 tickets for the matinee (2 P.M.) performance of Vanities by the Trinity Square Repertory Company in Providence. On Thursday, February 9th, we plan to have a big bus trip to the Museum of Science in Boston. We hope that you will enjoy these trips as a "change of pace" from our Mall and shopping trips. Next week's Presto will carry more details on these two

DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we are looking for.

P.T.C. CAMPBELL SOUP CONTEST

It's Campbell Soup Label collection time once again. Each year the Campbell Company makes available audio visual aids and play-ground equipment - free for Campbell and Franco-American product labels.

Students from Center and Old Hammondtown Schools are asked to participate in this collection drive. Parents and friends are asked to send in the front label only from Franco-American, Campbell Soups and Campbell Beans (no juice labels please).

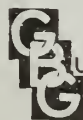

We have until March 11 to collect as many labels as possible. The better the response, better our chances of obtaining the valuable equipment useful to our schools.

WHY GLORIA STEVENS?

by

Diane L. Oldfield

Several ladies stopped me on the street recently and asked why they should go to Gloria Stevens instead of another salon or spa. I supposed they knew that I was the manager of Gloria Stevens.

Well, my first reaction was to answer because we're the best.

Then, I thought why not list the reasons why.

First, I suppose, is my own professionalism in weight control and the professionalism of my staff. While others might talk about it, Gloria Stevens proves it. Each technician is certified, she has been thoroughly trained in the correct and (important) safe way to do exercises and nutrition. All our diets are compiled by our registered dietician.

Second, the staff really cares about you. They work with you regularly so you will reach your weight goal and then keep it. Our MED Method — Motivation, Exercise and Diet, has helped literally thousands of women of all ages reach their weight goal.

There're plenty more reasons, of course. I'll write some more next time.

COURSE WITH ELECTRONIC PIANO AT SMU

If you want to learn to play piano at South-eastern Massachusetts University ask the piano.

A course taught with an electronic piano is just one of the programs offered by SMU's Music Department this year, starting the week of January 23.

Lessons in suzuki, violin, voice, instrument and piano are available too without electronic help.

Ten student pianos at SMU are connected to a teaching keyboard which gives individual or group instruction through a set of ear-phones attached to each piano. Whatever your age, you'll learn about the basic skills of piano playing, supplying chord accompaniments to favorite melodies, improvising, and playing rounds and other musical games.

But perhaps your child would rather learn suzuki violin. The Schnichi Suzuki techniques, being taught to ages 4 to 14, is based on the theory that any child can learn to play as easily as to speak. It stresses correct position, good tone, and pitch. All music

INTRODUCTORY LECTURE ON TM TECHNIQUE

The Transcendental Meditation technique is a simple, natural, effortless procedure for contacting pure creative intelligence. It is practiced twice daily for about twenty minutes while sitting comfortably with closed eyes. The TM technique is practiced as preparation for increasingly successful activity. Its value and effectiveness are measured by the immediate and long-term results in activity, and the technique requires no special skills, effort or concentration since it is inherently automatic, natural, easy and spontaneous.

An introductory lecture, free and open to the public, on the effects of the Transcendental Meditation program will be held at the Mattapoissett Congregational Church at 7:30 P.M. on Monday, January 16th.

A THANK YOU

The family of Mrs. Laura (Andrews) Andrade wishes to express its gratitude to the members of the Mattapoissett Police Department and to Chief Tuttle for their prompt and very kind attention and services during her illness.

student days at Cambridge where he is a self-proclaimed scholar through his struggling career days as a writer, through his twenty year marriage, through his incessant search for truth and meaning in his life, and finally to fame and fortune.

Resembling a cross between Al Pacino and Dustin Hoffman, Tom Conti's Adam Morris is a combination of winsome, vulnerable little boy and world-weary, cynical philosopher. Barbara Kellerman, as Adam's wife "Ba", matures in the series from a seductive, playful girlfriend at Cambridge to a mature, sensitive and understanding wife of twenty years. John Gregg as BBC interviewer Alan Parks (a character patterned around television personality David Frost) is petulant and demanding while Emily Richard as the brilliant but alcoholic Anna Cunningham seems simultaneously weak and strong, wise and foolish, old and young. Eric Porter, best known to American television audiences as Soames in the BBC production of The Forsyte Saga, appears in the third episode as Stephen Taylor, an aging British fascist.

Before he began The Glittering Prizes, Frederic Raphael, screenwriter of "Darling", "Two for the Road", and "Nothing but the Best", had

HIGHLIGHTS WEEK OF JANUARY 8-CHANNEL 2

January 11, Channel 2, 8:00 P.M., Nova, The Green Machine - NOVA takes a close look at the mysterious powers of plants. Can they actually respond to human thought? Do they have the power of extrasensory perception? Many botanists say no, but a lie-detector expert and a minister are trying to prove otherwise. One hour. WGBH Presentation.

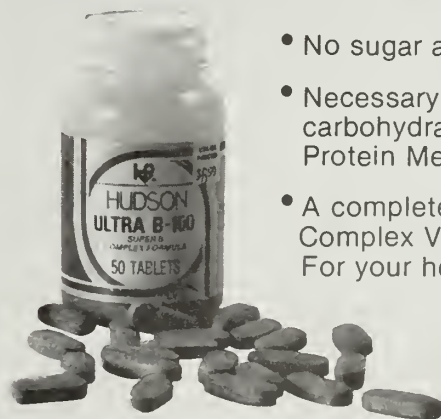

January 12, Channel 2, 9:00 P.M., FAROUK: THE LAST OF THE PHARAOHS. This documentary traces the life of the notorious playboy-monarch, King Farouk, from his early years through his death in the 1950's at the age of 45. Narrated by Bernard Archard, the program

uses rare archival film as well as anecdotal statements from people who knew Farouk well. One hour.

nounced today that, effective January 28, 1978, any operator intending to turn left in an intersection, across the path or lane of vehicles approaching from the opposite direction shall, before turning, yield the right of way until such time as the left turn can be made with reasonable safety.

Also, any operator of a vehicle entering a rotary intersection shall yield the right of way to any vehicle already in the intersection.

These amendments to the statute of right-of-way at intersections do not apply if an operator is otherwise directed by a police officer, traffic signs, or traffic signals.

Still in effect is the law that states when two vehicles enter an intersection at approximately the same instant, the operator of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

MOTOR VEHICLE FATALITIES

Registrar of Motor Vehicles Alan Mackey announced today that in 1977 overall motor vehicle fatalities in Massachusetts decreased by 6.9% over 1976 figures.

"The total number of fatalities on Massachusetts highways in 1977 was 753, 56 fewer than 1976 when the figure was 809," said Mackey, and he expressed hope that the trend would continue.
